

Getting to KoumKinvi:

We are 20 minutes' drive inland from the N12 at Morlaix on the main Quimper road D785. The roads are quiet and very well maintained so it is easy to drive- no traffic jams! If you come without your car we are happy to arrange a free pick up from Roscoff, Brest, Morlaix or Quimper, and by arrangement for groups from St. Malo.

We encourage using sustainable means of transport wherever possible. If you come by car, maybe you would be willing to carshare? Please let us know.

By Bike:

Of course-by bike is wholeheartedly encouraged! Brittany Ferries provide for bikes on all their crossings & there is a network of routes including green lanes & old railway tracks from Roscoff that lead to KoumKinvi. Great fun of course & great for the environment. France, as if we need to tell you, was made for bicycles & France loves the "velo"!
